To Whom It May Concern:

Re: Fred Kau Plumbing & Heating
38 McBride Place
Kitchener, ON N2R 1G8

Emcad Consulting Engineers are MEP Consulting Engineers located in London, Ontario specializing in high-rise multi-residential buildings. We have had the opportunity of working with Fred Kau Plumbing & Heating on several high-rise projects in the last 5 years involving drainage waste and vent, domestic water, heating and cooling systems including chilled water and condensing boiler plants.

We find their quality of construction work to be high and have enjoyed working closely with their very competent and cooperative on-site personal and office staff. I have become well acquainted with Mike Kau, Principal and have always appreciated his professionalism towards our Engineer/Contractor relationship in order to provide a high level of service for our mutual clients.

I have recommended Fred Kau Plumbing & Heating to several of my clients and will continue to do so.

Sincerely,

A handwritten signature in black ink, appearing to be "D. Myles". The signature is fluid and cursive, with the first and last letters being capitalized and prominent.

David W. Myles, P.Eng.
